

Have you experienced raised blood pressure requiring treatment in pregnancy?

**SNAP2 Trial**

We are carrying out a study to investigate the role of **self-management** of **raised blood pressure after birth** and are looking for participants.

You will be eligible if you are:

Aged 18 or over  
and

**Yet to give birth** or have **given birth in the past 7 days**  
and

Have had **raised blood pressure through pregnancy** (chronic hypertension, gestational hypertension or pre-eclampsia)  
and

**Require drug treatment when you go home** following the end of pregnancy
