## General Instructions

- Complete the SAE Reporting Form as soon as possible after becoming aware of the event.
- Refer to the trial protocol for definitions of Adverse Events (AEs) and Serious Adverse Events (SAEs).
- Use a black ball point pen to complete the form.
- Fax/Email the completed form to the Trial Co-ordinating centre **01865 289 412** Expect confirmation of receipt from **TASMINH4@phc.ox.ac.uk**
- File a copy of the completed SAE Reporting Form in your Investigator Site File / Study File.
- If you have any questions regarding the classification of an adverse event or form completion then please call your Trial.Manager **0800 915 8543**
- Guidelines are not provided for data fields which are self-explanatory.
- Ensure ALL details of the SAE are documented in the participant's medical records including the Investigator's assessment of causality, which the study physician must document in the medical records.
- Record 'NK' for any data that is not known.
- Record all times as 24 hour clock

- Q14. Select **one** of the outcome options. If the outcome is “Resolving” or “Not Resolved” then complete a follow-up report when the status of the SAE changes.
- Q16. Include a telephone number for the person reporting the SAE so that the individual assessing the event can contact them in case of queries or if clarifications are needed.
- Q17. A study physician (Investigator) is responsible for reviewing the SAE and considering whether the event was related to the investigational intervention(s).

**If a medically qualified individual is not available to make the causality assessment, send in the SAE Reporting Form without this information and re-send the form as soon as this assessment has been made.**
